August 2014

Are you amazed at the times we are privileged to live in? Are you encouraged? Do you visualize Yeshua standing at the door of this world's kingdom? Are you watching and warning others and encouraging others? Yes, these days can be perplexing, as we wonder what may be coming next. And yes, we are saddened when we see the bloodshed in Israel and in terrorist events around the world. At the same time, our eyes are beholding what the prophets foretold would happen in the days prior to our LORD's return. How blessed are we? Let's take a look at just a couple of major events that are currently unfolding before our eyes.

Pastor Mark has so amazingly taught us about the biblical calendar, the feasts which are God's divine appointments when He intersects history and causes prophecy to become history. He has scheduled these events on His calendar, and invited us to be at these appointments to celebrate what He has done and what He will do! And, of course, Pastor Mark's discovery of the Blood Moon tetrad which began on the Feast of Passover in 2014 and will continue through the Feast of Sukkot 2015, has had a great impact across the globe. What incredible information the LORD has brought to light and allowed to be taught all over the world.

Now here we are only 4 months after the first of these four blood moons has occurred, and think about what is happening. Israel is in war with

Hamas in Gaza - warning sirens scream out that rockets are incoming. Their screams are incessant! Russia's President Putin continues to move forward into independent nations. A plane full of innocent people was shot down. The U.S. has so many debacles happening it is difficult to keep up with them, and Anti-Semitism is on the rise. Ebola has broken out in Africa, raising concerns that it could spread worldwide. ISIS has burst onto the Middle East scene and part of their gruesome terror campaign has been against Christians in Mosul, Iraq. The Mosul community of believers has existed since the times of Yeshua. The last Christian in that town has either been killed or driven out! Any one of these crises would give us cause to wake up and pray, but consider all of these are happening in concert. Then remember Pastor Mark's teaching that God put the sun and the moon in the heavens to send signals. The first of the four blood moons to take place on the Feasts of the LORD happened only 4 months ago. The LORD is surely speaking. Are we rejoicing that God warns us in these amazing signs in the heavens? Are we listening and watching and praying and warning and teaching others the things we have been taught? It is time.

Then there is the now widely taught Isaiah 9:10 prophecy which portrays the pride of Israel when the LORD allowed them to be attacked by their enemies, and in response, they proudly declared that they would rebuild with better stones and plant better trees. They would not be humbles! A tendency in us tempts us to roll our eyes and shake our heads at this kind of reaction to terrorist attacks, yet, our own nation has reacted with the exact words and actions and pride as ancient Israel in response to the 9/11 attack against us. The brief turn of Americans flooding their local churches was short lived, and the downward moral spiral away from God has continued with verocity since 9/11. This prophecy does not end in verse 10 as I discovered the other day while talking with a friend about Isaiah and realized that I had never looked at

this verse in the Hebrew language.

Turning to Isaiah in Hebrew, I read 9:10 and saw what has been clearly taught. But continuing to read verse 11, I realized that the LORD had clearly warned what the next step would be. Verse 11 says, "Therefore the LORD shall set up the adversaries of Rezin against him and spur his enemies on." Just reading this is sobering. Then the word Rezin jumped out at me and I began to think of the Hebrew meanings of each letter. This is what "Rezin" means as you take the meaning of each individual letter:

רצין

Resh (ר) means: head

Tsadee (צ) means: righteousness

Yod (י) means: hand

Noon (ן) means: life

Putting these meanings together you get:

**The head of righteousness whose hand brought life!**

This description is no one other than Yeshua. He is the head of righteousness and His hand brought life. With this meaning of Rezin in mind, we see that the enemies of the LORD are the ones who will be spurred on.

Considering the situation in the Middle East and the enemies that attacked the U.S. on 9/11, are we seeing this come to pass just as it did on ancient Israel? And remember that the attack on 9/11 was a warning to America to turn back to God. The enemies of Rezin would be stirred up **after the first attack** if there was pride and not repentance. The warnings of 9/11 was clear.

Now the blood moons are occurring, and the LORD is sending us signs again - signals from the heavens that cannot be manipulated! Momentous times! Times when God is speaking to those who will

listen!

Isaiah 9:10 and 11 do not end with God's anger, however. The last line of Isaiah 9:10 says: **But His hand is stretched out still**. These exact words are repeated in verses 9:17, 21 and 10:4!

The whole point of all these warnings is to call people to come to the One who is "the head of righteousness whose hand brought life". His hand is stretched out still. All of His warnings are done to wake people up and to bring them to that amazing One whose Hand brings life.

As calamities around the globe mount and things seem to be unsettled on every front, I hope we will remember that it is a God of grace who warns and signals and is calling people to His nail pierced hand that is stretched out still. May our focus and our passion be on that Hand, and may we proclaim, "Our God reigns!" Whatever happens next, we are in His hands.

"Don't be afraid, for I am with you; don't be distressed, for I am your God. I give you strength, I give you help, I support you with my victorious right hand." Isaiah 41:10 (Complete Jewish Bible)

Shalom,  
Sherry Lush

**A Watchman on the Wall Report**

It has been 29 days since Operation Protective Edge has begun. And in those 29 days Gaza militants fired 3,356 rockets at Israel. The purpose of Operation Protective Edge was to destroy the Terror Tunnels leading from Gaza into Israel. The IDF successfully destroyed 32 tunnels. Throughout the course of this operation 4,762 targets were hit, reported the IDF Spokesperson's Unit. Operation Protective Edge may have only lasted for 29 days, but it has resulted in the loss of many lives. 64 IDF soldiers lost their lives along with 1,768 Palestinians, according to the IDF, and 9,300 were injured in Gaza. The IDF estimated that 750 - 1,000 of the dead were terrorists. Also during the course of Operation Protective Edge 82,201 IDF reservist were called up for duty with the currently enlisted IDF soldiers. Throughout the course of this war the IDF would warn the Gaza residents of impending attack on specific locations to try to minimize fatalities and as a result the UNRWA figures that 485,000 Palestinians were internally displaced, some 10,690 homes were destroyed, 141 schools were damaged, and 5 hospitals were closed. During the operation Israel continued to provide humanitarian assistance to Gaza despite the fighting including 1,491 trucks carrying food, 220 trucks carrying humanitarian supplies, 106 trucks carrying medial equipment, and supplying the injured with medical treatment at Israeli hospitals as well as at a field hospital. Monday in East Jerusalem at the entrance of a tunnel an IDF soldier was shot. He was taken to the hospital in moderate to serious condition. In Jerusalem on Monday an Israeli was killed and 4 wounded during a terror attack by a Palestinian when he tried to hit a passenger bus with a tractor. As Israel entered into the 9th of Av Monday

evening, Israel and Hamas agreed upon a 3-day cease-fire that went into effect Tuesday morning at 8:00. This "unconditional" cease-fire was accepted only after the IDF finished destroying the terror tunnels out of Gaza. The IDF left the Gaza strip and residents in Southern Israel were instructed that they could return home. Hamas militants fired rockets at Israel up to 1 minute before the cease-fire was to become affective at 8:00 am. So far no more rockets have been fired at Israel and it seems that Hamas is holding up to their side of the cease-fire as is Israel. Meanwhile, around the world Anti-Semitism is on the rise with protests and riots. Many riots around Europe have erupted in violence and destruction of property, for instance a Jewish Synagogue was destroyed in France, Swastikas and "Kill the Jews" were pray painted around Rome, and in the U.S 30,000 protesters filled the streets around the White House. These are just a few of the many incidents that have occurred over the course of Operation Protective Edge.

### Chocolate Covered Strawberries

READY IN 15 mins

#### Ingredients:

Original recipe makes 3 cups

- 16 ounces milk chocolate chips
- 2 tablespoons shortening
- 1 pound fresh strawberries with leaves

#### Directions:

- In a double boiler, melt the chocolate and shortening, stirring occasionally until smooth. Holding them by the toothpicks, dip the strawberries into the chocolate mixture.
- Insert toothpicks into the tops of the strawberries.
- Turn the strawberries upside down and insert the toothpick into Styrofoam for the chocolate to cool. (If you don't have Styrofoam a good substitute would be to cover a cookie sheet with foil and place strawberries on that after being dipped in chocolate. You won't need to put toothpicks in the top to cool either. Also if you place the cookie sheet in the freezer it helps to cool the chocolate much faster.)

- The Common Council of New York City revoked the license of a non-Jewish butcher for affixing Jewish seals to non-kosher meat, 1796. This is the earliest

act of legal intervention in protection of kashrut.

- New York Penal Code (for example) forbids (under the laws of fraud) the use of Hebrew letters or Jewish symbols on butcher shops that sell non-kosher meat. Even if the shop does not claim that its meat is kosher, the use of a Menora or Magen David, or the word in Hebrew BASAR, is deemed as an attempt to defraud. Now for the update: Brooklyn federal judge, Nina Gershon, ruled that New York's kosher-food statutes are unconstitutional. The case she ruled on was that of a butcher shop under Conservative supervision that was sanctioned for not labeling chickens "soaked and salted". The butcher claimed that he was complying with the rabbi's rules and that the state's kosher laws were discriminatory (meaning Orthodox).
- The judge's decision is being appealed. Note that in many countries where anti-Sh'chita bills have been passed, it has been through the efforts of non-Jews with an anti-Jewish agenda. This time, July 2000, it was a Jewish judge acting on a complaint from a Jewish butcher.

[18 Av]

- The Ner Maaravi (the western lamp of the Menora in the Beit HaMikdash) was extinguished during the reign of King Achaz. The date was observed as a fast day. Tradition is that the Western Lamp never went out. It was used to light the other lamps that were rekindled each evening. The Ner Tamid of our shuls is based on the Ner Maaravi of the Menora. (Rabbi Bloch z"l points out the extra significance in this occurring during the time of Achaz. He had removed the Copper Mizbei'ach from the Beit HaMikdash and replaced it with one modeled after an Assyrian altar. This was not only a desecration, but it removed the source of fire used to relight the Menora if the Ner Maaravi ever went out.
